Subject: RE: WY RH still on schedule?

Hi, Josh -- Am forwarding your message on to Region 8 Air Program managers as well. You should be hearing back from Carl or someone soon.

Thanks,
Sandy

P.S. Re-listened to your VM message. Probably Rep. Peterson's office was not asking about the WY RH, but maybe ND? I won't be back on duty until Friday, but will check on any additional questions you have then. Thanks, again!

Here's what I have...can you confirm that there haven't been any extensions that I've missed?

June 10, 2013: FR notice proposing to partially approve and partially disapprove a State Implementation Plan (SIP) submitted by the State of Wyoming on January 12, 2011, that addresses regional haze.

Written comments must be received at the address below on or before August 9, 2013.

Public Hearing on June 24. Additional public hearings were then added on July 17 and July 26.

Final rule due by November 21

Subject: WY RH still on schedule?
Importance: High

Hi, Carl and Gail -- Rep. Peterson's office is checking with Josh in OCIR regarding the Wyoming Regional Haze schedule. Sorry for your trouble, but I'm not in the office to check my folders on the latest update. Could you please confirm the public-comment period, public hearing and final decision dates for Josh to get back to the Congressman's office?

Many thanks!
Sandy
